TO RESTORE CULTURE  
THROUGH THE EXPERIENCE

THE DIGNITY OF THE  
HUMAN PERSON AND  
THE RICHNESS OF LIVING  
SEXUAL INTEGRITY,  
INVITING OUR CULTURE TO  
BECOME FULLY ALIVE.

## PARTNERSHIP WITH THE CULTURE PROJECT

The Culture Project aims at partnering with local schools. In addition to our talks, we offer opportunities for students to spend additional time with The Culture Project missionaries. This enables the space for continued dialogue on the topics of human dignity and sexual integrity. Furthermore, this offers your students an encounter with young people on a regular basis who are living witnesses who demonstrate a life of counter-cultural virtue is possible.

The Culture Project stands as a supplement to the heartfelt work already being done through parents, teachers, and administration, thus simply seeking to be further encouragement to the students to live lives of virtue. We desire to work with your school to design a unique plan that best fits the needs of your students.

**OPTIMAL PACKAGE:** In three days our missionaries will deliver content and discussion on the topics of human dignity and sexual integrity. We have found it most effective to visit the schools once per month following to provide continued discussion and resources on the topics.

# DAY 1

## HUMAN DIGNITY TALK

One-Hour Student Assembly

This presentation is crafted to engage student's minds and hearts so as to uncover the inherent worth of the human person. Through story-telling, real life examples, natural law and scientific evidence, we pose the question: what is it about human beings that set them apart from the rest of the created world? Here we define human dignity as the innate value inherent to human beings. We address the violations of this dignity, including one of the most tragic of our day: abortion. We sift through the misperceptions held about the preborn child and reveal the true beauty of preborn human life by showing stunning images and video footage of fetal development. We emphasize the healing, hope, and forgiveness available to those who are post-abortive. Finally, we finish with an inspiring story designed to empower the students to join us in restoring our culture. There are no graphic images of abortion in this presentation.

# DAY 2

## SEXUAL INTEGRITY

Theology Classes

Why does happiness and love so often seem unattainable? Why do the self-serving promises of today leave our lives colorless, ugly, and unfulfilled? Here we open up the world of beauty found in a life of virtue, particularly, the virtue of chastity. We dissolve the old-world confusion about the virtue as a "restraining" list of rules and illuminate the freedom found in this lifestyle. We get real about the genuine struggles we experience as young men and women looking for love and happiness. We address the deeper meaning of sex, the purpose of our sexual desire, and our sexual identity as male and female. We share practical tips about how to channel our natural desires towards authentic love. We believe in the power we possess as men and women to make bold and virtuous choices about our relationships, and so lead a life of greatness.

# DAY 3

## FOLLOW UP - QUESTIONS & ANSWERS

Following the two presentations, The Culture Project missionaries will offer guided discussion in a Question & Answer format. In the context of the classroom, missionaries will open up a dialogue in which students can find answers to any questions that may have surfaced during the presentations.

**High School Student**

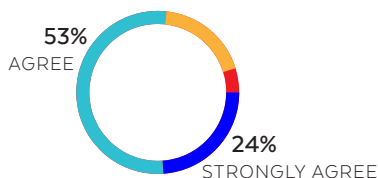

The Culture Project partnered with the Chastity Project by supplementing the work of Jason Evert at Archbishop O'Hara High School. After Jason Evert gave his chastity address to the school assembly, he passed on the baton to our missionaries to efficate his message. The Culture Project missionaries spent the following weeks conversing with the students, leading classroom discussions, Q&A sessions, and hang-outs during the lunch period in which students could dialogue or obtain books, cd's, and other resources.
